Erika's Lighthouse Overview

This program was inspired by a young person named Erika. Erika was a bright light who, sadly, lost her battle with depression in 2004, at age 14.

Erika's Lighthouse was founded in her honor and is dedicated to helping other young people learn about depression and overcome the stigma surrounding mental health disorders.

You will...

Define that depression is a common mood disorder with specific changes in moods, thoughts, and behaviors

Explain that there is not one reason someone has depression

Recognize that depression can get better and you can find support

Explain that good self-care is a key piece to managing depression

Describe that self-harm and suicidal thoughts are symptoms of depression that we must take very seriously
